PLCM OPPORTUNITIES

## WHO WE ARE

Matric Group is a contract manufacturing company specializing in electronics. Based in the northwestern region of Pennsylvania, we collaborate with clients across a variety of sectors such as construction, energy, industrial, lab & instrumentation, medical, transportation, and other markets.

We have been industry leaders for over 50 years, offering top-notch services such as engineering and repair, cable and harness assembly, electromechanical assembly, and PCB assembly. Our team of experts is highly skilled in developing innovative solutions that meet even the most complex project requirements.

5 CONVENIENT LOCATIONS IN THE US

# MANUFACTURING CAPABILITIES STATEMENT

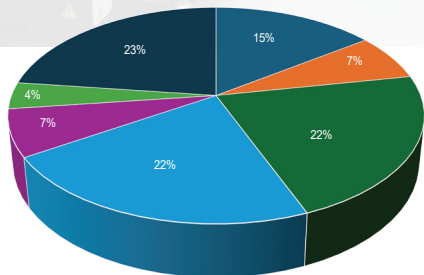

## CORE COMPETENCIES

- Engineering Services
- PCB Assembly - SMT & THT
- Cable & Harness Assembly
- Electromechanical Assembly
- Aftermarket Services
- Obsolescence/Alternate Components Management

## DIFFERENTIATORS

- Privately Owned & Operated
- Complete Turnkey Solutions
- \$90+ Million in Annual Sales
- 90%+ On-Time Delivery
- Governor's Award for Safety Excellence
- IPC 610 & 620
- IPC-JSTD-001
- HUBZone Certified
- Five Locations, 2 EMS Sites

## MARKETS SERVED

- Aerospace/Defense
- Energy
- Industrials
- Information Technology
- Medical
- Test/Measurement
- Transportation/Construction

## CAPITAL INVESTMENTS

Continuous investment in technology is key to electronics contract manufacturing. Automation improves production, reduces waste, and enhances product quality. Matric Group invests in modern machinery to meet customer demands, ensure worker safety, and maintain high standards of quality. By staying competitive with the right technology, we deliver reliable, high-quality electronic products.
